A historic building in the heart of Bilbao

Casa Cuna is an imposing modernist style building built between 1914 and 1916 by renowned architect Ricardo Bastida, property of Banco de Bizkaia. The five storey building, of great historic value, is located next to the Urazurrutia dock right in the heart of Bilbao la Vieja, facing the estuary and the San Antón Bridge.

Since it was created, Casa Cuna has been a pioneer space and landmark in bringing wellbeing to citizens, establishing the children's crèche model already in 1930, which would later be extended across the entire territory.

Once again in 2021, BBK Kuna sets itself the commitment of responding to the social needs of the 21st century, carrying out a complete renovation of the interior and façades and turning it into the Home of the Sustainable Development Goals of the United Nations and Agenda 2030.

Kuna: An intelligent container of solutions

KUNA has been conceptualized by incorporating systems providing the spaces with great intelligence, versatility and maximum multifunctionality of the building itself.

Technology is always projected at the service of the experience, enabling climate, acoustic and visual comfort in each one of the spaces and full interactivity between them. All controlled with the palm of your hand thanks to its Wireless systems.

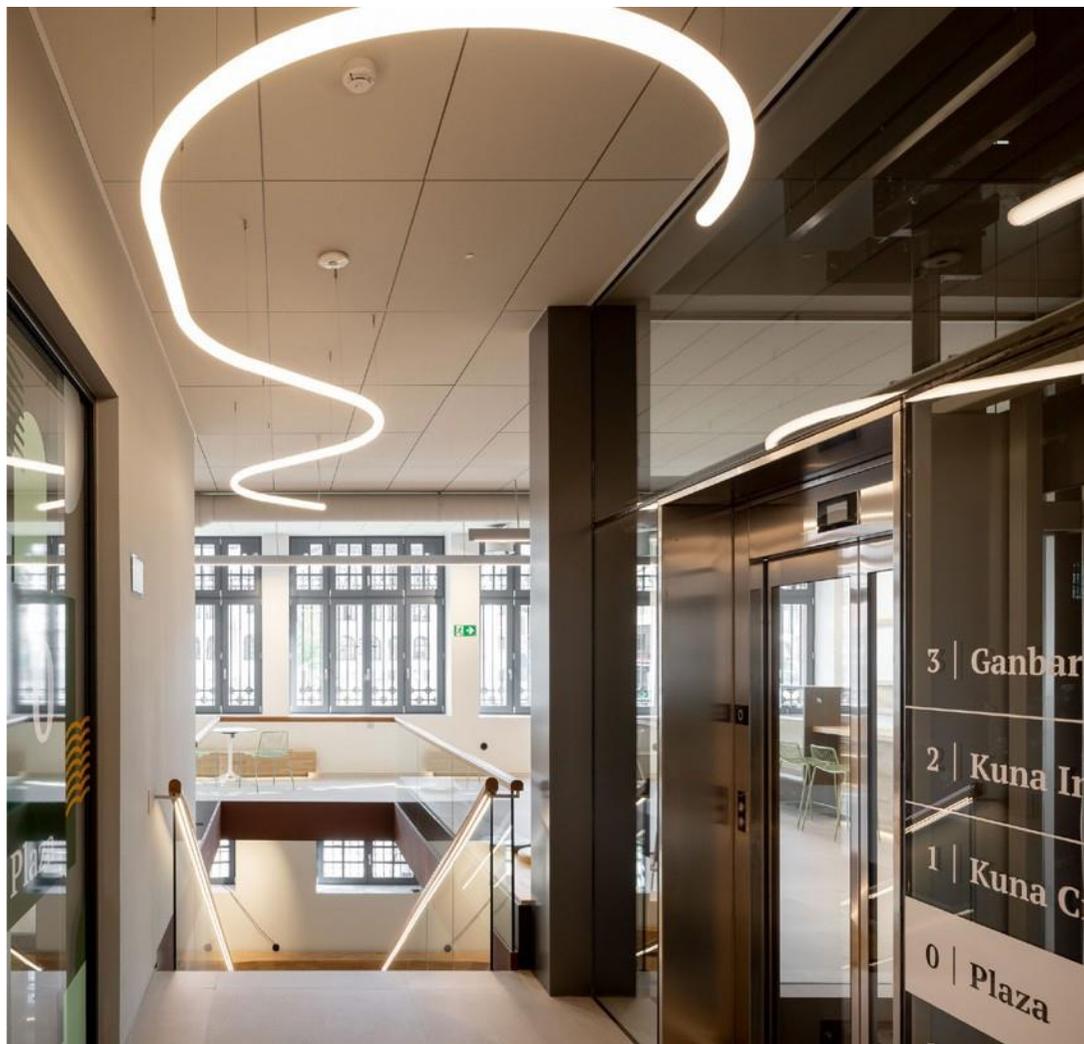

Lighting is one of the most complex elements, due to the range of solutions it enables. Different scenarios have been designed so that the space adapts to the experience and not the other way around.

Summary table of available spaces

Floor	Space	Description	Recommended uses	Systems available

All the floors are equipped with toilets.

Up to 2 movable screens are available with integrated audio and microphones.

Microphone systems are available for holding events and training sessions (hand and lapel)

People renting the spaces may have access to a small office which includes a microwave oven and sink.

Complementary services available

Basic Streaming

BBK Kuna has Extron streaming equipment which may be rented. Training will be provided for use in the event or activity.

Complete Streaming

If the streaming required is of a higher complexity (to be evaluated by the renting entity and by the BBK Kuna team) the available system may be rented or another with different technical specifications and systems technicians may be hired from the BBK Kuna awarded company. In the event the entity prefers another audiovisual service company, the latter must provide the systems for streaming broadcasting.

Catering

In case the event or activity for which the space is rented in Kuna requires a catering service, this must be contracted with the BBK Kuna awarded company.

Assembly and disassembly of exterior elements

If the event requires elements unavailable in BBK Kuna (see stages, furniture, lighting systems, etc.), the renting company will be responsible for the assembly and disassembly of such elements.

Hosts/hostesses

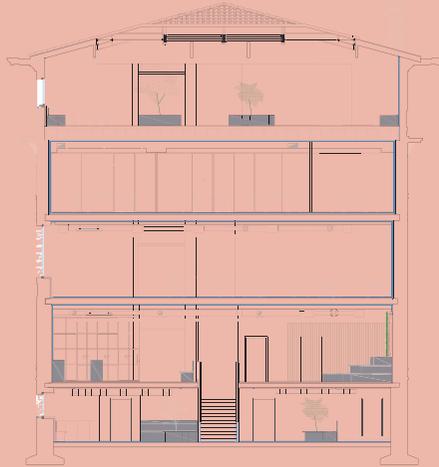

If the event requires a host/hostess service, information will be provided to the entity regarding hostess services from the BBK service supplier. The service may be contracted from this company or another.

Objective of the regulation

BBK Kuna is the home of the Sustainable Development Goals of Bizkaia, a place open to the participation of citizens and entities committed to achieving Agenda 2030 and which seeks to build a better, more sustainable and inclusive world. All the projects carried out in Kuna as well as the related events and activities are designed and co-created with society actors and seek to obtain a positive social impact within the society of Bizkaia.

In addition to hosting Kuna's own projects and activities, we provide the option for entities, associations, social groups... to use the facility to hold public or private events.

Our specialised staff will coordinate with the applicant entities to provide the necessary technical means for the successful development of the events scheduled.

The objective of this regulation is to regulate the terms and conditions of use of the BBK Kuna space for holding free of charge as well as paying events and activities. In any case, the final concession is subject to the prior authorisation by BBK.

Conditions

At least one month before the date the event is to be held, the applicant must submit a technical project to BBK including the purpose of the event as well as the furniture and technical requirements necessary for executing the action. Also indicating any type of decorative element, stage, sound and lighting equipment, artistic groups, etc. required for preparing the event. In addition, it must submit for approval, the layouts of all the graphic material, advertising, etc. which will be used or advertised in the event.

The quote submitted may vary according to the changes in the requirements that may arise. The corresponding VAT will be applied to all prices.

In the case of holding an event promoted by a private entity and include an audience:

Ticket sales: the ticket sales Will be for the organising entity of the event, and it will undertake, in turn, to cover copyright expenses which it must pay to SGAE or another collecting entity .

The organising entity will be responsible for insuring, contracting and registering in the corresponding administrative registers, all the people involved in the artistic production and performance and assume any responsibility derived from the professional artistic activity thereof, including any accidents which may occur during the performance.

The organising entity of the event undertakes to follow the health regulations in force at the time respecting the protocols set out by BBK at all times.

When the space is rented for exhibitions, the assembly and disassembly of the works will be carried out by the entity/artist.

Conversely, BBK will assume any responsibility derived from the operation of the services of the BBK Kuna spaces, their maintenance, security and surveillance.

Rules of use

The granting and/or renting of BBK Kuna spaces entails the appropriate usage of these during the period of time established and with the equipment of the space itself, in accordance with the following rules:

- The handling of the facilities and technical assistance will be carried out exclusively by specialised BBK staff.
- The installation of any brand element relative to the organiser's event, shall be carried out without altering any of the BBK corporate elements. Any modification, transformation or marking of the spaces must be previously approved and authorised by BBK, and in this case will always be provisional and temporary, elements which involve wall, floor or ceiling attachments cannot be used.
- The applicant entity, person or persons representing it, undertake to leave the spaces in the same conditions they were found and will be responsible for any damages caused to the facilities during the holding of the event due to failure to comply with the conditions and rules contained herein.
- Space capacity must be respected, the control of which will be the responsibility of the applicant, who undertakes to comply with the conditions of use set forth by the premises, as well as prevailing legal regulations on capacity, security, hygiene and health regulations, copyright and any that may affect the organisation and development of the event.
- BBK will appear as a collaborator in all the advertising used as regards the usage authorised.
- BBK reserves the right of cancelling the granting of usage without prior notice.

Method of Payment

10% of the price will be paid within a maximum of 7 business days from the notification by BBK of the pre-booking of the space and presentation of the corresponding invoice.

The remaining 90% will be paid prior presentation of the corresponding invoice after the conclusion of the event.

In the case the event is cancelled, BBK must be notified in no less than 30 days to the holding of the event, otherwise, the amounts deposited will not be refunded.

The amounts will be paid through transfers to the BBK account. Conditions according to the type of rental.
